CONCEPT AND ROLES IN ADMINISTRATION

Within the guidelines established by Board of Education policy, law and employee agreements, the Superintendent shall direct and coordinate the administrative staff in implementing the educational philosophy, and achieving the goals and general objectives of the Board of Education.

The Board of Education expects the administration to demonstrate leadership and to resolve the inevitable problems which will arise both inside the school system and in its relations with the community. Further, the administration is expected to develop good working relationships with the community for the achievement of common goals.

The Superintendent of Schools is encouraged to conduct the operations of the school system according to the management team concept.

Policy committee recommends removal of this policy because it is redundant with applicable law and unnecessary given that there is a Superintendent job description approved by The Board.
